St Paul's C of E Primary School

Child Protection and Safeguarding

1. Rationale

- 1.1 St Paul's School was established in 1862 to serve Almighty God and the community by providing, within a biblical Christian ethos, a broad balanced and engaging education and learning experience.
- 1.2 St Paul's School is an inclusive school in which, through the provision of a broad, balanced, and engaging curriculum and within a caring and supportive environment, each pupil is motivated to develop and flourish as he or she acquires skills for life and a love of learning.
- 1.3 The school shall ensure at all times that a whole school approach to child protection and safeguarding is in place and that it underpins all relevant aspects of both policy and process.
- 1.4 Parents and carers are encouraged to raise any concerns that arise as soon as practicable.
- 1.5 The school shall ensure that it listens with care to the pupils and, when necessary, immediately provide early help to a pupil who raises a concern.
- 1.6 The Governing Body's commitment to child protection and safeguarding is rooted in the fact that all people owe their existence to God, are ultimately dependent upon him for their preservation each day, and are answerable to him on the last day.

- 1.7 The Governing Body acknowledges that mankind, male and female, was created in and as the image of God, and that all people are always to be shown care, love, and respect throughout life, from conception to the grave.
- 1.8 The Governing Body recognises that all people are accountable to God for all that they think, say, and do, including the way they treat children and other adults.
- 1.9 The Governing Body recognises, without prejudice to a parent or a carer's responsibility for their child(ren), that those who work in St Paul's School act in the place of parents and carers.
- 1.10 The Governing Body recognises that teachers, other staff, and volunteers may be among the first to recognise a child at risk.
- 1.11 *Child Protection* includes the protection of specific children who suffer or are likely to suffer harm.
- 1.12 *Safeguarding* and the promotion of the welfare of individuals includes:
- protection from maltreatment
 - preventing the impairment of an individual's development, mental, and physical health
 - ensuring that children grow up in circumstances consistent with the provision of effective and safe care, and
 - taking action to enable children have the best outcomes.
- 1.13 In this policy the word Safeguarding includes Child Protection.

2. Commitment

- 2.1 All who work in St Paul's School, as employees, volunteers, or governors, recognising that no one is perfect and that a safeguarding issue could arise at any time, shall act in a vigilant manner so as to ensure, primarily but not exclusively during school hours and all school activities, the safety, protection, and welfare of all children for whom the school provides an education.

- 2.2 St Paul's School shall provide an environment in which all children are respected, encouraged to talk, listened to, and made to feel safe and secure.
- 2.3 The school shall ensure that children who are vulnerable, at risk, have suffered or are likely to suffer significant abuse or harm, including neglect, sexual abuse and exploitation, or are absent from school or go missing from education (see Annex A of *Keeping Children Safe in Education*, DfE, September 2022), are identified and appropriate action is taken to keep them safe.
- 2.4 The school shall ensure that staff are trained and prepared to identify children within the school who may benefit from early help. Early help means providing a child in need of support with help as soon as a problem emerges at any point in that child's life.
- 2.5 It is recognised that the provision of early help, which will be initially discussed with the Designated Safeguarding Lead, may entail a member(s) of staff supporting other agencies and professionals in an early help assessment.
- 2.6 The school shall maintain its commitment to multi-agency co-operation by working closely with all statutory safeguarding partners including the City of Newcastle upon Tyne, the Newcastle and Gateshead Clinical Commissioning Group, and Northumbria Police.
- 2.7 The curriculum will include activities and opportunities to equip children with the skills they need to stay safe from abuse, including the safe use of the Internet (e-Safety), and to know whom to turn to for help.
- 2.8 All staff shall respond immediately when made aware of or caused to suspect an occurrence of child abuse.
- 2.9 All staff will respond to a child for whom safeguarding concerns arise by:
- (a) treating the child with utmost sensitivity, doing nothing to damage the child further through thoughtlessness or carelessness in their reaction to the child's distress;

- (b) listening and recording as accurately as possible what the child says including dates and times;
- (c) not probing or asking leading questions; and
- (d) not promising to keep secrets.

2.10 All incidents of abuse, or of any behaviour that gives cause for concern, shall be reported without delay to the Head Teacher, the designated teacher for child protection.

2.11 When an incident has been reported, appropriate action shall be taken immediately in line with the child protection procedures of the Newcastle Safeguarding Children Board (*Working Together to Safeguard Children* 2018 and *What to do if you are worried a child is being abused* 2015).

2.12 The **Head Teacher** (Mrs J Sword) is the **Designated Safeguarding Lead** and **Mr B Taylor, Mrs N Nichol** and **Mrs E Hields** are the **Deputy Designated Safeguarding Leads** within the school **for all child protection and safeguarding matters**.

2.13 The Governing Body has appointed a designated governor to be responsible, on behalf of the Governing Body, for the implementation and monitoring of this Child Protection and Safeguarding Policy within the school (*see pages 40 and 43*). The **designated governor** for Child Protection is the **Chairman** of the **Governing Body** (Mr G Curry).

2.14 In furtherance of the implementation of this policy, the appropriate personnel of St Paul's School shall develop the links needed with relevant agencies, cooperate with any enquiries regarding child protection matters, and, when necessary, attend case conferences.

2.15 Notwithstanding that an allegation of abuse shall be responded to with appropriate discretion, it is recognised that the need to protect a child from abuse, under certain circumstances, shall take precedence over matters

relating to confidentiality, family relationships, and the hierarchy and objectives of any agency.

2.16 The school shall support, resource, and monitor the work of all who work with children.

2.17 The school shall keep accurate, detailed and secure written records of referrals or concerns raised under the terms of this policy.

3. Recognising children who may be suffering abuse or significant harm

3.1 Definitions

(1) Child

In the Children Acts 1989 and 2004 a child is defined as a person who has not yet reached his or her 18th birthday.

(2) Harm

Harm means ill-treatment or impairment of health and development, including impairment suffered from seeing or hearing the ill-treatment of another.

(3) Development

Development includes physical, intellectual, emotional, social and behavioural development.

(4) Health

Health includes physical and mental health

(5) Ill-treatment

Ill-treatment includes sexual abuse and other forms of ill-treatment which are not physical.

(6) Abuse

A child is abused when he or she is maltreated.

He or she may be abused or neglected through the infliction of harm or the failure to act to prevent harm.

A child may be abused in a family, an institution or in the community.

The abuse may be done by those known to them or, more rarely, by a stranger (e.g. via the internet).

They may be abused by an adult, adults, a child or children.

3.2 *Categories of Abuse*

There are four distinct categories of abuse.

(1) **Neglect**

- (a) Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.
- (b) Neglect may occur during pregnancy as a result of maternal substance abuse.
- (c) Neglect may involve a parent or carer failing to:
 - provide adequate food and clothing, shelter (including exclusion from home or abandonment);
 - protect a child from physical and emotional harm or danger;
 - ensure adequate supervision (including the use of inadequate caretakers); or
 - ensure access to appropriate medical care or treatment.
- (d) It may also include neglect of or unresponsiveness to a child's basic emotional needs.

(2) **Physical Abuse**

- (a) Physical Abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.

- (b) Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.

Serious violence

- (c) Indicators that pupils are at risk from, or are involved in, serious violent crime include
- increased absence from School,
 - a change in friendships,
 - relationships with older individuals or groups,
 - a significant decline in performance,
 - signs of self-harm,
 - a significant change in well-being,
 - signs of assault, and
 - unexplained injuries.
- (d) Unexplained gifts or new possessions could also indicate that pupils have been approached by, or are involved with, individuals associated with criminal networks or gangs.
- (e) All staff should be aware of the risks and understand the measures in place to manage them.

Child Criminal Exploitation (CCE)

- (f) Child criminal exploitation occurs when an individual or a group take advantage of an imbalance of power to coerce, manipulate, or deceive a child to take part in criminal activity in exchange for something a victim needs or wants and / or for the financial advantage or enhanced status of a perpetrator or facilitator. Such exploitation may entail the use or threat of violence.
- (g) CCE may include making a child carry drugs or money (e.g. county lines), help produce cannabis, pick-pocket, shop theft, or carry a weapon.

- (h) Both boys and girls may suffer CCE abuse, some of whom may be moved or trafficked.

(3) **Sexual Abuse**

- (a) Sexual Abuse includes:

Sexual Harassment

Child Sexual Exploitation (CSE)

Female Genital Mutilation (FGM)

Child-on-child (formerly known as Peer-on-peer) Abuse

Sharing of nudes and/or semi nudes

Upskirting

- (b) Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.
- (c) The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.
- (d) They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse, including via the internet.
- (e) Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.
- (f) **Sexual Harassment (including on-line sexual harassment)**
 - (1) Sexual harassment is unwanted conduct of a sexual nature that can occur both online and offline.

- (2) Sexual harassment violates a pupil's dignity and/or makes them feel intimidated, degraded or humiliated, and/or creates a hostile, offensive or sexualised environment.
- (3) Sexual harassment can include sexual comments such as telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance, and calling someone sexualised names, sexual jokes or taunting, physical behaviour such as deliberately brushing against someone, interfering with someone's clothes, and displaying pictures, photos or drawings of a sexual nature, and online sexual harassment, which might include non-consensual sharing of sexual images and videos, and sharing sexual images and videos, both often referred to as sexting, inappropriate sexual comments on social media, exploitation, coercion and threats.
- (4) Online sexual harassment may be stand alone, or part of a wider pattern of sexual harassment and/or sexual violence.
- (5) It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children.
- (6) It is more likely that girls will be victims of sexual violence and harassment, and it more likely that it will be perpetrated by boys. It can occur between children of any sex.
- (7) Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable.
- (8) Children who are victims of sexual violence and/or sexual harassment wherever it happens, will likely find the

experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

(g) **Child Sexual Exploitation (CSE)**

- (1) Child sexual exploitation occurs when an individual or a group take advantage of an imbalance of power to coerce, manipulate, or deceive a child to take part in sexual activity in exchange for something a victim needs or wants and / or for the financial advantage or enhanced status of a perpetrator or facilitator. Such exploitation may entail the use or threat of violence.
- (2) CSE may occur over a sustained period or be a single event.
- (3) CSE may involve kissing, masturbation, oral sex, rape, rubbing or touching.
- (4) CSE may entail non-contact activities which encourage a child to behave in a sexually inappropriate way, grooming, forcing a child to look at sexual images or to watch sexual activity, or to produce sexual images.

(h) **Female Genital Mutilation (FGM)**

- (1) FGM includes all procedures that involve the partial or total removal of the external female genitalia.
- (2) The practice is illegal.
- (3) It is a form of abuse that has lifelong consequences.
- (4) As well as raising concerns with the DSL all staff have a legal duty to report to the police an act of FGM that appears to have been carried out on a girl under the age of 18.

(i) **Child-on-child abuse, sexual violence and/or harassment**

- (1) Child-on-child abuse can occur between two children of any age.
- (2) It can happen in school as well as in other places.
- (3) Such abuse may include:
 - bullying, including cyber-bullying or forcing a child to perform humiliating acts (hazing)
 - non-consensual sexual activity such as showing one's genitals, stripping, touching oneself sexually, or engaging in sexual activity with a third party
 - sexual harassment or violence including kissing, masturbation, oral sex, rape, rubbing or touching
 - sharing of nude images (*see the next section below*), and
 - upskirting (*see two sections below*).

(j) **Sharing of nudes and / or semi nudes**

- (1) The sharing of nudes and / or semi-nudes includes the sending or posting of nude or semi-nude images, videos, or live stream online by young people under the age of 18.
- (2) This could be via social media, gaming platforms, chat apps or forums. It could also involve sharing between devices via services like Apple's AirDrop which works offline. The sharing of nudes and semi nudes can happen publicly online, in 1:1 messaging via group chats and closed social media accounts and may include images or footage of more than one child or young person.
- (3) Terms used by children and young people may include 'dick pics' or 'pic' or may be referred to by adults as 'youth produced/involved sexual imagery', 'indecent imagery', 'image based sexual abuse' or 'sexting'.

- (4) The motivations for taking and sharing nudes and semi-nude images, videos and live streams are not always sexually or criminally motivated.
- (5) Such images may be created and shared consensually by young people who are in relationships, as well as between those who are not.
- (6) It is also possible for a young person in a consensual relationship to be coerced into sharing an image.
- (7) Incidents may also occur when
 - children and young people find nudes and semi-nudes online and share them claiming to be from a peer
 - children and young people digitally manipulate an image of a young person into an existing nude online
 - images created or shared are used to abuse peers e.g. by selling images online or obtaining images to share more widely without consent to publicly shame.
- (8) Incidents can either be classified as 'aggravated' or 'experimental'.
- (9) The DDCMS/UKIS guidance advice for education settings working with children and young people” sets out the classification of incidents, and how each should be handled.
- (k) **Upskirting** is a criminal offence and typically involves taking a picture under a person’s clothing without permission and/or knowledge with the intention of viewing their genitals or buttocks to obtain sexual gratification, or to cause the victim humiliation, distress or alarm. Any one can be a victim.

(4) **Emotional Abuse**

- (a) Emotional abuse is the persistent emotional maltreatment of a child which causes severe and persistent adverse effects on that child's emotional development.
- (b) It may involve conveying to a child that he or she is worthless, unloved, inadequate, or valued only insofar as he or she meets the needs of another person.
- (c) It may include not giving a child opportunities to express his or her views, deliberately silencing him or her, or 'making fun' of what he or she says or how he or she communicates.
- (d) It may feature inappropriate developmental expectations being imposed on a child. These may include matters beyond a child's developmental capability (including inappropriate sexual conversation), over-protection, a limitation of exploration and learning, or the prevention of a child from participating in normal social interaction.
- (e) It may involve seeing or hearing the ill-treatment of another person.
- (f) It may involve serious bullying (including cyber-bullying), frequently causing children to feel frightened or in danger, and the exploitation or corruption of children. A level of emotional abuse is involved in all types of maltreatment, though it may occur alone.

3.3 *Occurrence*

Child abuse can take place in all social spheres (families, institutions, between children) and it may be on an organised basis.

4. Taking action to ensure a child is safe at school and home

4.1 All staff shall follow the Newcastle Safeguarding Children Board Procedures. These are consistent with *Working Together to Safeguard Children* 2018, and *What to do if you are worried a child is being abused*.

4.2 It is *not* the responsibility of the school staff to investigate welfare concerns or determine the truth of any disclosure or allegation.

4.3 It is recognised that there are Concerns or Allegations that meet the harm threshold and Low-level Concerns those that do not.

4.4 *Concerns that meet the harm threshold* include those that concern anyone working in the school, including supply teachers, volunteers and contractors who:

- behave in a way that harms a child, or may have harmed a child and/or
- possibly committed a criminal offence against or related to a child, and/or
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- behave or may have behaved in a way that indicates they may not be suitable to work with children.

4.5 *A low-level concern* is any concern – no matter how small, but causes even a sense of unease or a ‘nagging doubt’ - that an adult working in or on behalf of the school may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, and
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children
- having favourites
- taking photographs of children on their mobile phone, contrary to school policy
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door, or

- humiliating a child / children.

4.6 All staff have a duty to recognise concerns, including low-level concerns) and maintain an open mind.

4.7 All concerns, including low-level concerns, regarding the welfare of pupils will be recorded and discussed with the Head Teacher (or in her absence the senior member of staff) prior to any discussion with parents.

4.8 Staff shall immediately report:

- (1) any suspicion a child is injured, marked, or bruised in a way not readily attributable to the normal knocks or scrapes received in play;
- (2) any explanation which appears inconsistent or suspicious;
- (3) any behaviour which gives rise to suspicions that a child may have suffered harm (e.g. worrying drawings or play);
- (4) any concern a child may be suffering from inadequate care, ill treatment or emotional maltreatment;
- (5) any concern a child has signs or symptoms of abuse or neglect;
- (6) any significant change in a child's presentation (including non-attendance);
- (7) any hint or disclosure of abuse from any person; and
- (8) any concern regarding a person(s) who may pose a risk to children (e.g. living in a household with children present).

4.9 *Responding to a Disclosure*

- (1) Disclosures or information may be received from pupils, parents or other members of the public.

- (2) Since those who disclose information may do so with difficulty, having chosen carefully to whom they will speak, all staff will handle disclosures with appropriate sensitivity.
- (3) Since such disclosed information cannot remain confidential, staff will immediately communicate what they have been told to the designated person.

4.10 *Principles*

- (1) A member of staff shall not investigate a disclosure but, when possible, he or she may elicit enough information to pass on to the designated person in order that he or she can make an informed decision of what to do next.
- (2) Staff will:
 - (a) listen to and take seriously any disclosure or information that a child may be at risk of harm;
 - (b) try to ensure that the person disclosing does not have to speak to another member of school staff;
 - (c) clarify the information;
 - (d) try to keep questions to a minimum and of an open nature (e.g. 'Can you tell me what happened?' rather than 'Did X hit you?');
 - (e) try not to show signs of shock, horror or surprise;
 - (f) not express feelings or judgements regarding any person alleged to have harmed the child;
 - (g) explain sensitively to the person that he or she (the member of staff) has a responsibility to refer the information to the senior designated person;

- (h) reassure and support the person as much as possible;
- (i) explain that only those who 'need to know' will be told; and
- (j) explain what will happen next including that the discloser of information will be involved as appropriate.

4.11 *Action to be taken by the Head Teacher, the Designated Safeguarding Leader, (or other senior person in the Head Teacher's absence)*

- (1) Following any information raising concern, the designated senior person will consider:
 - (a) any urgent medical needs of the child;
 - (b) making an enquiry to find out if the child is subject to a Child Protection Plan by ringing 0191 277 2500 or 0191 211 5845;
 - (c) discussing the matter with other agencies involved with the family
 - (d) consulting with appropriate persons e.g. Safeguarding Adviser and/or Social Care;
 - (e) the child's wishes.
- (2) The designated person will then decide:
 - (a) whether to talk to parents, unless to do so may place a child at risk of significant harm, impede any police investigation, and/or place the member of staff or others at risk; and
 - (b) whether to make a child protection referral to Social Care because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately.
- (3) If the decision is not to make a referral at that stage the designated person will decide whether:

- (a) to talk with parents and / or the pupil;
 - (b) to seek advice from professionals working with the family;
 - (c) to consider if further monitoring is necessary; or whether
 - (d) it would be appropriate to undertake an Early Help Plan (EHP).
- (4) All information and actions taken, including the reasons for any decisions made, shall be fully documented.
 - (5) All referrals to social care will be followed up in writing within 24 hours using a standard referral form (*See Appendix 2*)

4.12 *Action following a child protection referral*

The Head Teacher or other appropriate member of staff will:

- (1) make regular contact with the Social worker involved;
- (2) when possible, contribute to the Strategy Discussion;
- (3) provide a report for, attend and contribute to any subsequent Child Protection Conference;
- (4) if the child or children are made the subject of a Child Protection Plan, contribute to the Child Protection Plan and attend Core Group Meetings and Review Conferences;
- (5) when possible, share all reports with parents prior to meetings: and
- (6) immediately inform the key worker in Social Care if a child on the Child Subject to a Child Protection Plan moves from the school or goes missing.

4.13 *Recording and monitoring*

- (1) Accurate records will be made when practicable and will clearly distinguish between observation, fact, opinion and hypothesis.
- (2) All records will be signed and dated.
- (3) When possible, information given will be recorded verbatim.
- (4) A note made of the location and description of any injuries seen.
- (5) All Child Protection documents will be retained on the CPOMS systems. They will be accessible to the Designated Safeguarding Leaders. They will be transferred to any school or setting the child moves to, through the secure CPOMS system.
- (6) If a child goes missing from education, or is removed from roll to be educated at home, then any Child Protection file shall be copied and the copy sent to the Local authority.

4.14 *Supporting the Child and Partnership with Parents*

- (1) The School recognises that a child's welfare is paramount and that good child protection practice and outcome relies on a positive, open and honest working partnership with parents and carers.
- (2) Whilst the school may need to make a referral without consultation with a child's parents or carers, the school will make every effort to maintain a positive working relationship with them whilst fulfilling its duty to protect the child.
- (3) The school will provide a secure, caring, supportive and protective relationship for the child.
- (4) A child will be given a proper explanation (appropriate to age and understanding) of what action is being taken on his or her behalf.

- (5) The school will endeavour to preserve the privacy, dignity and right to confidentiality of a child and his or her parents.
- (6) The Designated Person shall determine which members of staff "need to know" personal information and what they "need to know" to support and protect the child.

5 Specific Duties

5.1 Prevent Duty

All staff shall ensure that they are able to identify children vulnerable to radicalisation and know what to do when such a pupil is identified (*see Code of Conduct, Appendix 3, page 30*). The school's safeguarding procedures shall be followed, including discussion with the Designated Safeguard Lead (DSL) and, if necessary, with the local authority social care. The following may also be contacted:

- (a) the local police,
- (b) the non-emergency number 101,
- (c) the Department for Education (DfE)
non-emergency dedicated helpline 020 7340 7264,
or via the
e-mail address: counter.extremism@education.gsi.gov.uk.

- 5.2 When a member of staff thinks there may be a concern, he or she shall discuss the circumstances (including those that informed any action or proposed action) with a senior colleague, to ensure that the safest practices are employed and the risk of actions being misinterpreted are kept to a minimum.

5.3 Reporting Female Genital Mutilation (FGM)

All staff must report to the Police when they discover (either through disclosure by a victim or visual evidence) a case of female genital mutilation

(which comprises damage to, or the partial or total removal of the external female genitalia).

- 5.4 The members of staff shall familiarise themselves with the range of potential indicators that a girl may be at risk of FGM (see *Code of Conduct*, Appendix 5, Specific Safeguarding Issues, topics for which Guidance is available via the GOV.uk website, page 32).

5.5 *The Curriculum*

The curriculum shall include activities and opportunities to equip children with the skills they need to stay safe from abuse, including the safe use of the Internet (e-Safety), and to know to whom to turn for help.

5.6 *Teacher Standards*

All teachers (including those working toward Qualified Teacher Status and Early Careers Teachers) shall note that the *Teacher Standards 2012* specify that their professional duties include safeguarding the well-being of children and maintaining public trust in the teaching profession.

- 5.7 All staff shall respond immediately when made aware of or suspect an incident of child abuse (see the school *Child Protection Policy* for a definition of abuse).

- 5.8 All staff will respond to a child for whom safeguarding concerns arise. They shall:

- (a) treat the child with utmost sensitivity, and do nothing to damage the child further through thoughtlessness or carelessness in their reaction to the child's distress;

- (b) listen to and record as accurately as possible what the child says including dates and times;
- (c) not probe or ask leading questions; and
- (d) not promise to keep secrets.

5.9 All incidents of abuse, risk of harm, or of any behaviour that gives cause for concern, shall be reported without delay to the Head Teacher, the designated teacher for child protection.

5.10 When an incident has been reported appropriate action shall be taken immediately in line with the child protection procedures of the Newcastle Safeguarding Children Board.

21.1 Safeguarding incidents and/or behaviours can be associated with factors outside school and/or can occur between children outside the school

21.2 All staff are to consider the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding. It means that any assessment should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

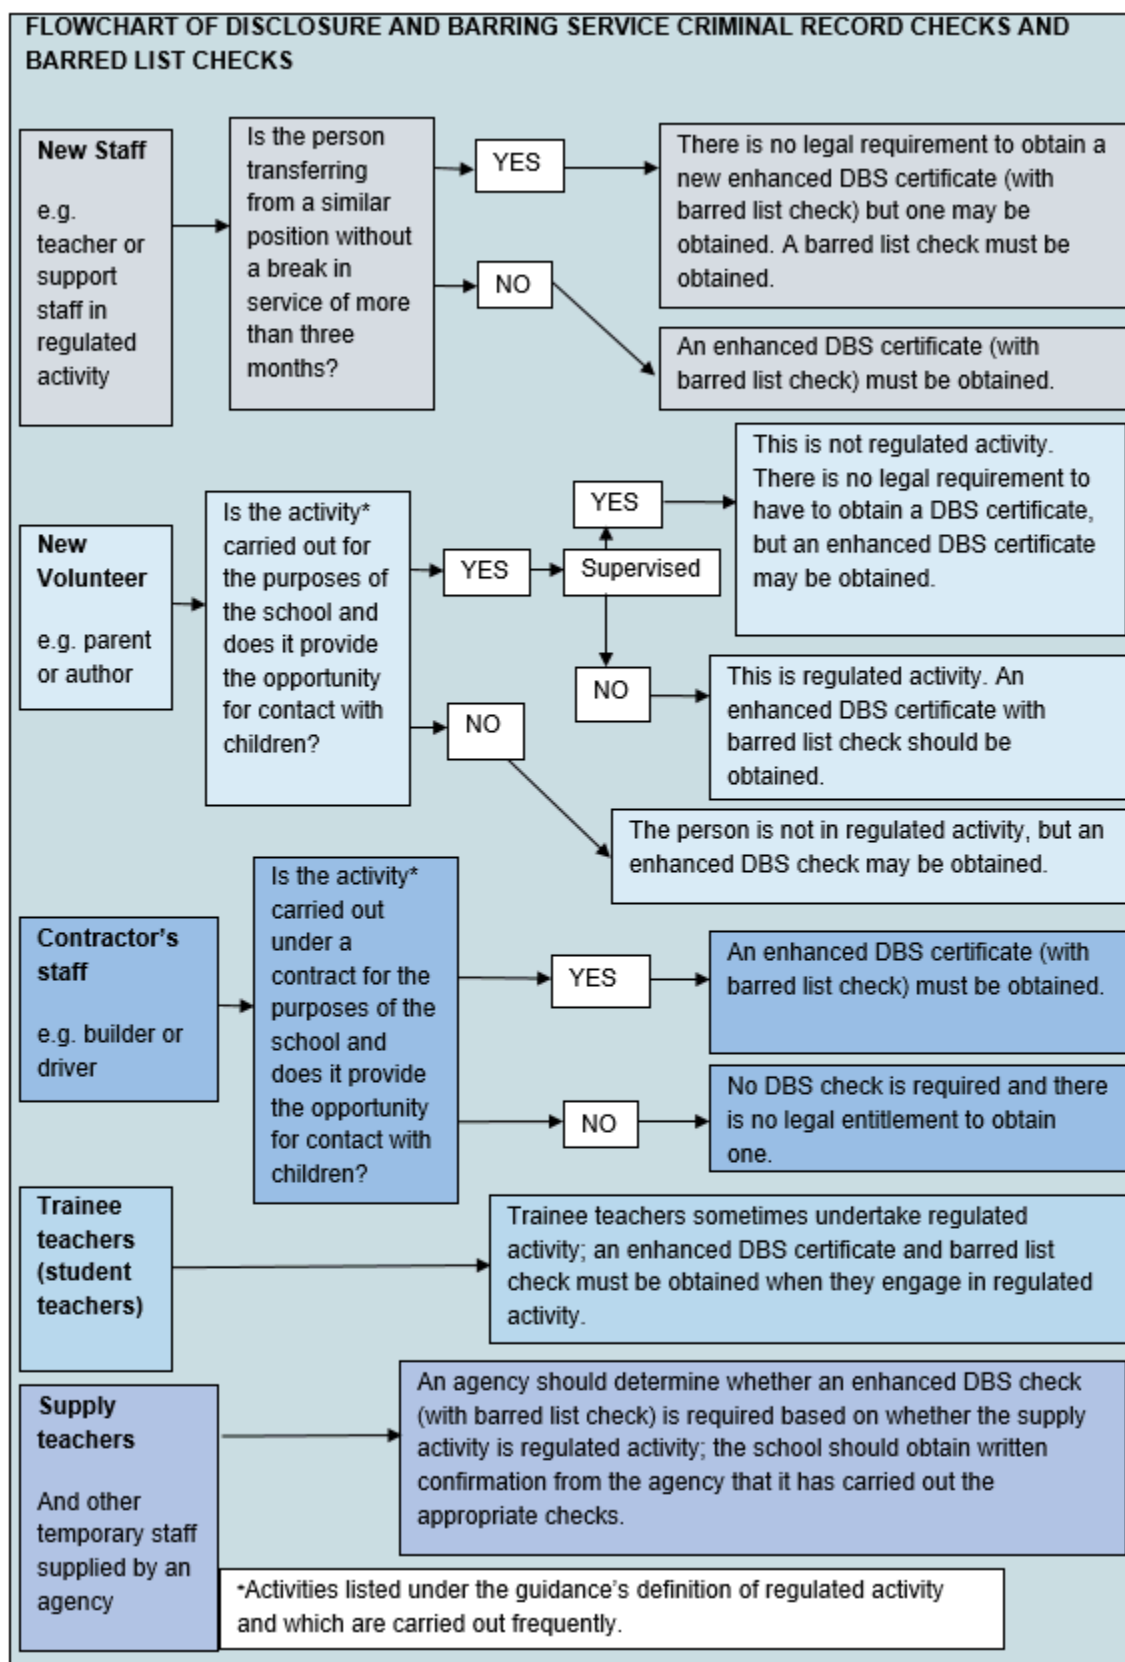

21.3 The chart below provides staff, parents/carers, and governors with a statement of factors that currently affect the school community and the response of the school:

Social and economic factors	St Paul's School Response
Some migrant workers with no access to public funds.	Family support worker through Early Help Plans able to bring in support from City Council and charitable organisations.
Poor housing, lack of housing and over-crowding.	Liaise with Social Housing services. Liaise with Welfare rights and <i>Christians Against Poverty</i> (CAP) Provide workshops for parents on managing finances and debt.
Peer Group factors	Schools Response
Pupils have older siblings and friends who influence them when using Social Media Platforms.	The school curriculum includes teaching pupils about 'peer pressures'. A week of 'anti-bullying' activities are run and given a high profile within the school community. Children are regularly taught the safe use of social media. The sessions are led by the school consultant and safeguarding company. Staff regularly monitor activity and change school systems to prevent misuse of social media during the school day.
Knife crime in the community	Liaise with the police. Liaise with groups that provide advice on how to help young people both avoid being drawn into criminal behaviours and keep themselves safe from them.

Home factors	Schools Response
Many pupils have access to the internet at home and regularly use gaming devices for on-line games with their friends.	<p>The Computing Curriculum teaches pupils about on-line safety.</p> <p>The school external computing advisor delivers specific workshops in relation to an on-line or mobile phone incident. This proactive and responsive approach allows the school to target groups of pupils or an individual and gives it the flexibility to respond to school incidents.</p> <p>Parents are given an opportunity to meet our advisor and talk with him during our parental workshops in 'on-line safety' week.</p>

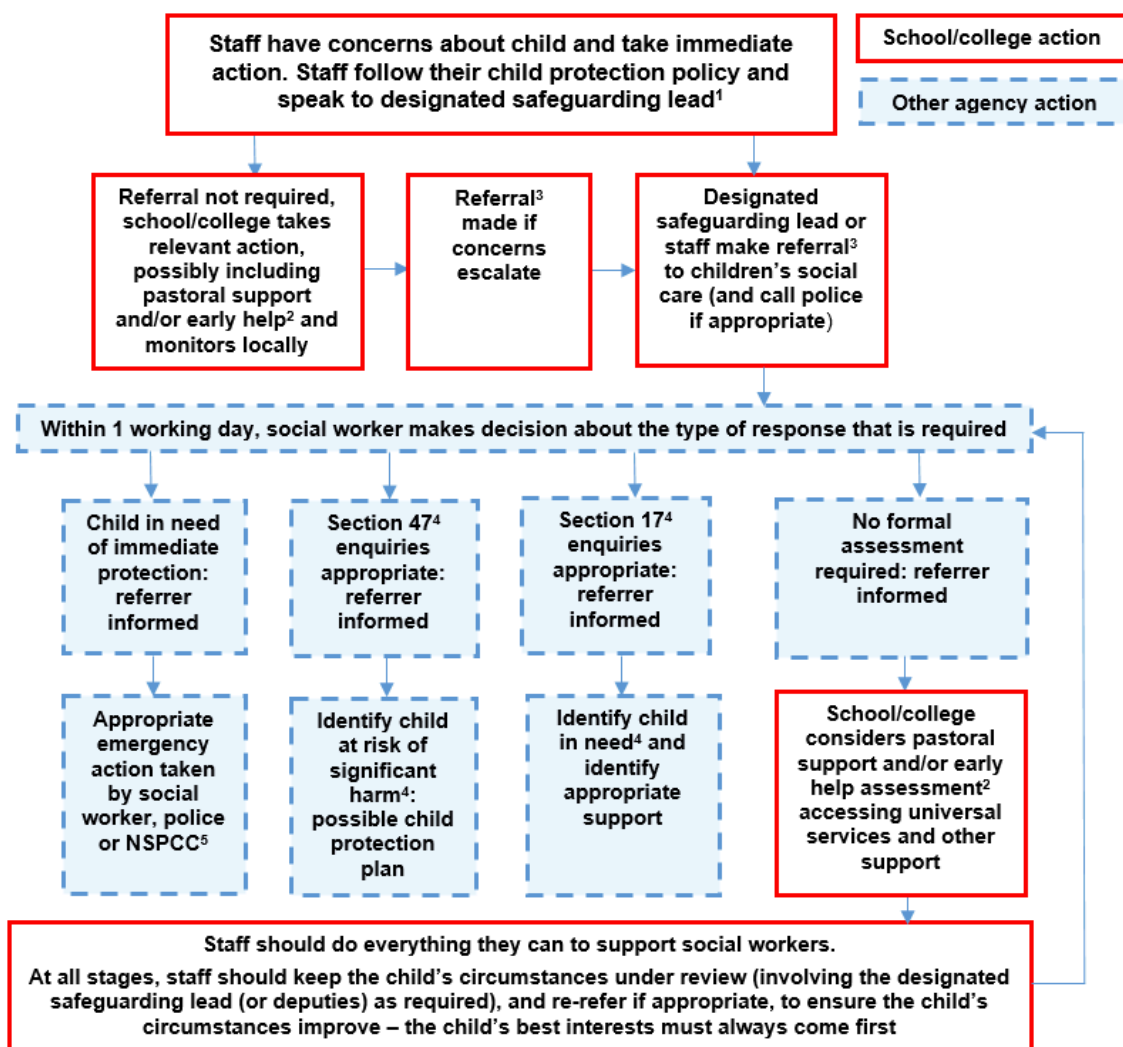

22. Review

The Governing Body shall review this policy every year or sooner if Regulations are changed.

Actions when there are concerns about a child

- 1 In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of this guidance.
- 2 Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.
- 3 Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

- 4 Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).
- 5 This could include applying for an Emergency Protection Order (EPO)

End of year summary including any key action points		

1. Scope and definitions

- 1.1 This addendum applies during any period of school closure and reflects updated advice from our three local safeguarding partners (Newcastle Local Authority, Clinical Commissioning Authority, and the Police).
- 1.2 It sets out changes to our normal child protection policy in light of the Department for Education's guidance and should be read in conjunction with that guidance.
- 1.3 Unless covered here, our normal child protection policy continues to apply.
- 1.4 The Department for Education's (DfE's) definition of 'vulnerable children' includes those who have a social worker, including children:
 - with a child protection plan
 - assessed as being in need
 - looked after by the local authority, and / or
 - have an education, health and care (EHC) plan

2. Core safeguarding principles

- 2.1 We will have regard to the statutory safeguarding guidance of KCSIE, 2022.
- 2.2 Although we shall operate in a way different to normal, we shall follow the safeguarding principles: of
 - the best interests of children must come first,
 - anyone who has a safeguarding concern about any child shall act on it immediately,
 - designated safeguarding lead (DSL) or deputy shall be available at all times (see section 4 for details of our arrangements),
 - unsuitable people shall not be part of the school workforce or gain access to children, and
 - children shall continue to be protected when they are online.

3. Reporting concerns

- 3.1 All staff and volunteers must continue to act on any concerns they have about a child immediately.
- 3.2 Staff working off-site who have any concern must contact the school office to speak to the duty DSL.
- 3.3 All staff shall continue to work with and support the social worker of a vulnerable child.

4. DSL (and deputy) arrangements

- 4.1 We shall have a trained DSL or deputy DSL on site whenever possible.
- 4.2 Details of all important contacts are listed at paragraph 15.3 above (*page 33*).
- 4.3 When the DSL (or a deputy) is not in school, remote contact shall be available at 0754 652 4590.
- 4.4 We will ensure that DSLs (and deputies), wherever their location, know who the most vulnerable children in our school are.

5. Working with other agencies

- 5.1 We will work with children's social care, and with virtual school heads for looked-after and previously looked-after children.
- 5.2 We will update this addendum when necessary, to reflect any updated guidance from the local authority about children with education, health and care (EHC) plans and children in need.

6. Monitoring attendance

- 6.1 As most children will not attend school during a period of school closure, we will not complete our usual attendance registers or follow our usual procedures to follow up on non-attendance.

6.2 The exception to this is when any child expected to attend school during the closure does not attend, or stops attending. In such a cases we will:

- follow up on their absence with their parents or carers, by telephone home or visit when that cannot happen

- Notify the central social work team and LAC contact:

longtermsocialworkteams@newcastle.gov.uk

lyndsey.pilling@newcastle.gov.uk

6.3 We shall use the Department for Education's daily online attendance form to keep an accurate record of who attends school.

6.4 We will make arrangements with parents and carers to make sure we have up-to-date emergency contact details, and additional contact details if possible.

7. Child-on-child abuse

7.1 We will follow the principles set out in part 5 of *Keeping Children Safe in Education* when managing reports and supporting victims of Child-on-child abuse.

7.2 Staff shall continue to act immediately on any concerns they have about a child at school or working at home.

8. Concerns about a staff member or volunteer

8.1 We will follow the principles set out in part 4 of *Keeping Children Safe in Education*.

8.2 Staff shall act immediately on any concern they have about staff or volunteers who work on site or remotely.

8.3 We will refer adults who have harmed or pose a risk of harm to a child or vulnerable adult to the Disclosure and Barring Service (DBS).

8.4 We will refer potential cases of teacher misconduct to the Teaching Regulation Agency via Misconduct.Teacher@education.gov.uk.

9. Support for children who aren't 'vulnerable' but where we have concerns

We have an option to offer places in school to children who do not meet the Department for Education's definition of 'vulnerable' when a safeguarding concern exists. This will include a child with Early Help Plans, a child going through the process of an EHCP, or a child who would be less vulnerable in school due to circumstance at home. We will work with parents/carers. If a child will not attend school, we will put a contact plan in place, as explained in section 10 below.

10. Contact plans

10.1 Contact plans exist for a child with a social worker and who is vulnerable when:

- the child will not attend school (for example when the school, parent/carer and social worker, if relevant, decide together that this would not be in the child's best interests); and
- would usually attend but has to self-isolate

10.2 Emma Hields or Bryn Taylor will make contact by telephone, doorstep visits, or a combination of both at least once a week.

10.3 These plans shall be agreed with a child's social care when relevant and reviewed as needed.

10.3 In the event that contact is not possible we will notify the central social work team, longtermsocialworkteams@newcastle.gov.uk

11. Safeguarding all children

11.1 Staff and volunteers shall note that actions taken during such a period potentially put children at greater risk.

11.2 Staff and volunteers are to be alert to any signs of abuse, or other safeguarding concern, and act immediately on a concern in line with the procedures set out in section 3 above.

11.3 For children at home staff are to look out for signs such as:

- non completion of assigned work or daily quizzes

- no contact from children or families, and
- seeming to be more withdrawn during any communication.

11.4 Children are likely to spend more time online during this period.

11.5 See section 12 below for our approach to online safety both in and outside school.

11.6 See section 13 below for information on how we will support pupils' mental health.

12. Online safety

12.1 In school

We will have appropriate filtering and monitoring systems in place in school.

12.2 Outside school

- (a) When staff interact with children online, they will follow the staff behaviour code of conduct and the IT acceptable use policy.
- (b) Staff will be alert to signs that a child may be at risk of harm on-line, and act on any concern immediately, and follow our reporting procedures as set out in section 3 of this addendum.
- (c) We will make sure children are signposted to sources of support and know how to report any concerns a child has.

12.3 Working with parents and carers

We will make sure parents and carers:

- are aware of the potential risks to children on-line and the importance of staying safe on-line;
- know what our school asks a child to do online, including which sites will be used, and who will interact with that child from the school;

- are aware they should only use reputable on-line companies or tutors if they choose to supplement the remote teaching and resources provided by the school; and
- know where they can go for support to keep their children safe on-line.

13. Mental health

- 13.1 When possible we will offer our current support for pupil mental health for all pupils.
- 13.2 We will signpost all pupils, parents and staff to other resources to support good mental health.
- 13.3 When expectations are set for a pupil's remote learning teachers will bear in mind the potential impact of the situation on both children's and adults' mental health.

14. Staff recruitment, training and induction

14.1 Recruiting new staff and volunteers

- (a) We recognise the importance of robust safer recruitment procedures, so that adults and volunteers who work in our school are safe to work with children.
- (b) We will follow our safer recruitment procedures, and Part 3 of *Keeping Children Safe in Education*.
- (c) In urgent cases, when validating proof of identity documents to apply for a DBS check, we will initially accept verification of scanned documents via on-line video link, rather than the physical possession of the original documents. This approach complies with revised guidance from the DBS.
- (d) New staff must still present the original documents when they first attend for work at school.

- (e) We will do the usual checks on new volunteers, along with risk assessments, to decide whether a volunteers who is not in regulated activity should have an enhanced DBS check, in accordance with paragraphs 278-284 of *Keeping Children Safe in Education*.

14.2 *Staff 'on loan' from other schools*

- (a) We will assess the risks of staff 'on loan' working in school, and seek assurance from the 'loaning' school that such staff have had the appropriate checks.
- (b) We will use the DBS Update Service to check for any new information.

14.3 *Safeguarding induction and training*

- (a) We will make sure staff and volunteers are aware of changes to our procedures and local arrangements.
- (b) New staff and volunteers will continue to receive:
 - safeguarding induction,
 - a copy of our Child Protection and Safeguarding policy (and this addendum), and
 - *Keeping Children Safe in Education*, September 2022, part 1
- (c) We will decide on a case-by-case basis what level of safeguarding induction staff 'on loan' need. In most cases it will be:
 - a copy of our Child Protection and Safeguarding policy and this addendum,
 - confirmation of local processes, and
 - confirmation of DSL arrangements.

14.4 *Keeping records of who is on site*

- (a) We will keep a record of which staff and volunteers are on site each day, and that appropriate checks have been carried out for them.

- (b) We will keep the Single Central Register up to date.
- (c) We will use the s Single Central Register to log:
 - all who work or volunteer in school each day, including staff 'on loan', and
 - details of any risk assessments carried out on staff and volunteers on loan from elsewhere

15. Children attending other settings

- (a) When a child is temporarily required to attend another setting, we will make sure the receiving school is provided with any relevant welfare and child protection information.
- (b) Whenever possible, our DSL (or deputy) and/or special educational needs co-ordinator (SENDCo) will share, as applicable:
 - the reason(s) why a child is considered vulnerable and any arrangements in place for support,
 - a child's EHC plan, child in need plan, child protection plan, or personal education plan,
 - details of a child's social worker, and
 - details of the virtual school head
- (c) We will share this information before the child arrives as far as is possible, and otherwise as soon as possible afterwards.

16. Monitoring arrangements

This policy will be reviewed by the Head Teacher and Governing Body at least every year and whenever guidance from the three local safeguarding partners or DfE is updated.
